A Crop Input and Fuel Financing Program

Farm Credit Canada
Advancing the business of agriculture

FS Finance Program

Sunderland Co-operative works with Farm Credit Canada to bring you financing options like the FS Finance Program. The FS Finance Program helps you finance purchases of seed, crop nutrition products, crop protection products, general farm supplies, agronomic services and farm fuel through your local Sunderland Co-operative branch.

A program that offers...

Flexibility:

- Competitive interest rates
- Terms of payment- allowing up to 18 months to pay
- Due dates that allow you to defer payments to the next crop year
- More opportunity to pre-purchase your crop inputs

Convenience:

- One-stop source for all your crop inputs (seed, fertilizer, crop protection, agronomy services and fuel)
- Full financing available (up to 100%)
- Easily transfer your existing account to FS Finance

Having a plan and being prepared for the next spring's cropping season is key to the success of your operation. Having a strong and flexible financing program can make all the difference.

Let's talk

Contact our finance department at (705) 357-3491 to discuss your options with a flexible convenient financing program today!
