PUBLIC NOTICE

RE: COVID-19

The declaration of COVID-19 as a worldwide health pandemic is having an impact on our lives, business operations, and the way we interact with one another. With this in mind, we continue to monitor and assess the updates provided by the Government of Canada and Public Health. This information guides our approach and helps ensure we take the steps that best protect our clients and staff, reduce risk and ensure we continue serving your needs while remaining committed to safety for all.

We are ready to serve you.

We understand your concerns during this time, so we're taking extra steps to keep our locations safe for you and our employees. Employee well-being and Sunderland Co-op's ability to effectively serve our customers remain the top priorities.

We are taking important steps to help you stay protected.

As of March 12, 2020, we have taken the following steps:

- to temporarily limit travel by employees for training
- cancel events that incorporate groups larger than 20, (pancake breakfast, seminars, etc.)
- limit contact with farmers that require service by salespersons, limit interaction keeping personal space and safety in mind. When possible conduct business via phone, or web correspondence.
- increase cleaning and disinfecting practices in all our locations.
- implement work-at-home policy for high risk employees with a compromised immune system
- monitor health of all staff, quarantine anyone that becomes exposed or recently returned from out of country travel.

Our locations remain open to serve your needs

In times like this we can all work together to ensure our community stays strong. Our staff are informed and taking precautions to protect themselves and the clients they serve. We appreciate your patience, understanding, and support at this time. If you have any questions, feel free to contact us for more information (705) 357-3491.

Sincerely,

S. Jake Vancuren, EMBA
GM
