Recent Legislation passed by the Government of Ontario by the Occupational Health and Safety Act, ONTARIO REGULATION 632/05, states that employees are not permitted to enter confined spaces. For this reason, employees of Sunderland Co-operative are no longer permitted to enter grain bins on farm. This means that our feed truck drivers will only be picking up grains from your bins, and silos while remaining at the door. This does not mean that we are not able to pick up your grains, we just cannot enter your bins or silos. I have attached a link which will lead you to a website that describes the Act in length. If you cannot access this website, I would be happy to supply you with a copy of the legislation.

We appreciate your co-operation and understanding in this matter as we work together in the best interest of our customers and employees. Should you have any questions or concerns, please do not hesitate to contact Ted Westcott or myself in Sunderland.

Jake Vancuren  
General Manager
