

The Feed Division of Sunderland Co-operative Inc., in partnership with Wallenstein Feed & Supply Ltd., is proud to be able to provide our customers with a complete line of quality feeds for a variety of species.

With a fully operational mill located in Sunderland, ON and grain banking services, along with a well-maintained truck fleet, we are able to produce and deliver quality custom feed rations at an economical cost to our customers.

Our professional Feed Sales Consultants are committed to excellence and are always ready to offer knowledge and profitable solutions when it comes to feeding your livestock. Contact our Feed Division today.
